PHONES: Main Store 25; Greenhill St. 28.

#### OPERA "DOGS OF DEVON" TO BE REPEATED HERE

We understand that arrangements have already been made for the stagin of the grand opera, "Dogs of Devon," in the Orpheum Theatre here on or about Wednesday, March 19th.

This play was put on in the Rex Theatre last week by the Bellevue augmented choir and proved a howling success. The re-appearance here should be greeted by a bumper house. Watch for later announcements.

#### ALBERTA HOTEL TO CHANGE HANDS

During the week a lease was entered into with Mrs. E. Piccarillo for the Alberta Hotel premises and we understand the new proprietor is to immediately undertake the complete renovation of the building, both inside and out.

#### I. O. D. E. MEETING

A meeting of the Crows' Nest Chapter of the I.O.D.E. will be held at the Greenhill hotel on Tuesday evening next, March 11th, at 7.30. Matters of importance will be considered and a full attendance is requested.

A good number of members of the G.W.V.A. turned out on Sunday last to hear the report of the provincial convention tendered by R. McLaughlin. Mr. McLaughlin gave a full report of doings at the convention and a few other items of business were also dealt with. • • •

According to rumors, Blairmore contains about seven aspirants for the honors of government vendor. So far, the location of the premises has not been decided upon.

#### WORK ON NEW ROAD OVER FRANK SLIDE COMMENCES

The work of building a new trunk road over the Frank Slide was commenced on Monday, under Superintendent McDougall.

Mr. Homer Keith, roads engineer for this district, is also on the grounds in an advisory capacity.

Alex. McCool has secured a sub-contract and at present about twenty-five men are employed. A little later a rock crusher will be on the grounds and besides assisting in the grading of the slide road, considerable rock will be crushed for surfacing the roads for some distance to the east and west.

Tenders are also being called for the grading of a new section of road around Crows' Nest Lake, which it is understood will cut out that section semi-circling the small lake and will cross what is known as The Narrows instead. Plans and specifications for this work are also in the hands of Mr. Keith, and it is hoped that the work will be undertaken in the very near future.

#### ROSSLAND-BELLEVUE TO PLAY DOWN

Rossland and Bellevue senior teams meet at Bellevue tonight and Saturday night in an Allan Cup play-down, and while the weather man is anything but kind to real honest-to-goodness hockey fans, two exciting and interesting games are assured.

Local interest in the games may be judged from the fact that up to an early hour of yesterday practically all reservations had been taken up.

The lineup of the teams will be as follows:

Rossland	Bellevue
Johnson	goal
Marsters	defence
Nelson	forward
Mollinsky	Butterfield
Jewell	Dewar
Norris	O'Grady
Huffman	Towell
Singer	Hanson
Cavanaugh	Matson

Cavanaugh, of the Rossland team, was a former Calgarian and is well known in the Cow Town and Banff. Johnson was with Coleman last season, but left in the fall to join the Rossland miners. Jewell and Nelson were also former members of the Coleman senior team.

#### CHURCH AND STAGE

Modern critics of the church have said that in the past 25 years the stage has been a greater inspirational force in English-speaking communities than the pulpit.

If there is any element of truth in this criticism, two churches, at least, have taken steps to remedy their deficiency.

High Pavement Chapel at Nottingham, England, has introduced opera into its services. Lohengrin, Tannhäuser and Parsifal are among the first of the great works to be presented.

The Fourth Unitarian church of New York plans to include a stage with full equipment for presentation of any dramatic effort in its new building. Plays of all kinds will be given by the dramatic society of the church.

There seems to be no reason why these projects should not be worked out well.

The church's task of raising the spiritual level of humanity is the most difficult task in the world. It should be entitled to draw upon any art that will help it to gain its end.

Anything that gives inspiration to mankind is religious and all inspirational things, whether they be operas, music, sculpture, painting or moving pictures should be made to yield assistance to the church.—Vancouver Sun.

#### JOHN BIELIC DIES OF INJURIES

worth (foreman), J. A. McDonald, J. D. S. Barrett, J. L. Lonsbury, William Wright, G. H. O'Neill, Coronor A. M. Morrison presided. The jury brought in a verdict in which they attached blame to no one, finding that death was accidental. They added the following rider: "That in future medical aid be given at the mine as soon as possible after an accident."

The remains of John Bielic were laid to rest in Coleman cemetery on Monday afternoon, when the following Monday afternoon, Rev. Father McJarmen were impanelled; Percy Una-Cormick officiating.

PERHAPS—You have a suit or dress that would be attractive and serviceable if you permitted our experts to dye it one of the new Spring shades.

The Store With the Good Goods

This famous household cleaner and disinfectant is now made in *Crystal* form instead of powder. It is the best household lye on the market. Use it for cleaning and disinfecting sinks, closets, drains, etc., destroying vermin; softening water; making soap; cleaning floors, greasy pots and pans, etc.; removing paint, etc.

Avoid inferior and dangerous substitutes. Get the genuine article in cans as reproduced below.

## WORLD HAPPENINGS BRIEFLY TOLD

Premier MacDonald stated in the House of Commons that the government has no immediate intention of reviving the Treaty of Versailles.

With the restrictive immigration law in force Great Britain now leads in the number of home-makers coming to the U.S. from Europe.

A provincial election in Nova Scotia within the next six months is predicted in an article appearing in the *Haltax Herald*.

A bill sponsored by Hon. Charles McCrae, minister of finance on raw iron ore, was given second reading in the Ontario Legislature.

A number of citizens suffered on account of the rebellion had been presented to the Mexican Government by the Aguila Oil Company, the largest British Corporation operating in Mexico.

In order to conserve Ontario's forest wealth and to protect a lumbering and paper industry in which \$75,000,000 is invested, the Ontario Government has purchased an airplane force consisting of 13 machines, to patrol the timber areas and detect fires.

Ontario farmers whose labor is supplied through the government employment service are commencing to place their requirements before the bureau and at the present time the demand for experienced farm labor is greater than the supply.

## Sentenced to Death No Appeal Possible

The death warrant is passed out every time a corn is treated with Putnam's Corn Fertilizer. It is the end of the corn. Putnam's kills out corns, root and branch, and never fails. Refuse any substitute for Putnam's 25¢ everywhere.

**Western Clearings Improve.**  
With every town and city reporting bank clearings west of the Great Lakes showing a healthy increase over a year ago and with Toronto registering more than a nine-million dollar increase and Montreal 22-million dollars more than a year ago, the returns for the week ending Feb. 14 give indications of a great improvement in trade conditions.

**Muscular Rheumatism Subdued.**  
Muscular rheumatism is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. This electric bristle will continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

**Customer.** "It's tough to pay fifty cents a pound for meat."

**Butcher.** "Yes, but it's tougher when you pay twenty-five." — Puppet.

## CHILDREN CRY FOR "CASTORIA"

A Harmless Substitute for Castor Oil, Paregoric, Drops and Soothing Syrups — No Narcotics!

A Single Span of Life  
Saw Naval Progress from the Time of  
Wooden Sailing Vessels

The death of Admiral Selbybridge comes to us like a breath of warship history, though he passed but yesterday. His career illustrates remarkably what can happen within the life span of one man.

As a young naval officer, Admiral Selbybridge was aboard the American frigate Cumberland when that warship went to the bottom in Hambleton Roads, off the coast of South Carolina, in 1862, by the Confederate iron-clad Merrimac. That spelled the doom of the majestic wooden sailing vessel that had been the pride of all navies. And the next morning we saw in the battle between the Merrimac and the Monitor the triumph of the new type of revolving turret that is now in use on our warships today. A few months later, in command of one of the war vessels of Admiral Porter's fleet, he had good reason to know of the arrival of the torpedo in warfare for his ship was blown to pieces beneath him.

Yet Admiral Selbybridge survived these adventures and lived to see the navy grow into tremendous organization and development. He aided in that development. In nearly every part of the world war the nets he had invented protected warships from torpedoes before other means had been found to combat the submarine.

What a life was it, crowned with adventure and ever new unfoldings of wonder. — The Milwaukee Journal.

## Drives Out Rheumatism Subdues Lumbago

Brings Ease and Comfort to the  
Sufferer Once

## NERVILINE

A King Over Pain

Those who seek permanent relief from the grinding pain of Rheumatism and Lumbago should read the letter from George Townsend, of Georgetown, who writes:

"It was fairly crippled with aching joints and rheumatism. Nerviline would be what I needed, because it cleared up my trouble quickly."

"If you're after a pain killer, Nerviline pain remedy is the best. I depend on it, will make you well quickly."

**Wanted Children to Follow Cortage**

The late Stephen Highland (otherwise John Farley), of Church Street, St. Blazey, Cornwall, described as "retired hawker," who left \$16,000, requested in his will that 20 children under the ages of five and seven should follow him as mourners at his burial, and should each be paid one quarter for so doing.

**On the most effective vermifuges on the market is Miller's Worm Powder.** The worm powder will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. The worm powder will help to combat the worm that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

## More Immigrants Coming to Canada Has Increased Remarkably.

An increase of 105 per cent. in immigration to Canada is reported during the ten months ended January, 1924, as compared with the corresponding ten months ended January, 1922.

During the past ten months, 129,023 immigrants of all nationalities have entered Canada. In the same period during 1922-23, only 62,849 persons entered the country as immigrants. Of the immigrants coming to this country during the past ten months, 65,171 were British, 15,129 were Americans, and 45,723 were from other countries. The figures for the first month in the immigration Department show the index of nearly 15,000 British immigrants swelled the figures, while the total for the month was over 25,000.

A comparison of the two periods of ten months (from April to January) shows an increase of 120 per cent. in British immigrants, a decrease of 2 per cent. in the immigrants from the United States, and an increase of 225 per cent. from other countries.

**Customer.** "It's tough to pay fifty cents a pound for meat."

**Butcher.** "Yes, but it's tougher when you pay twenty-five." — Puppet.

**Character Tells the Story!**

People throughout this country are giving more thought to hygiene and to the care of their health. They are actively interested in the use of tonics, but no one doubts the purity of Doctor Pierce's vegetable medicines, for they have been so favorably known for over fifty years that everyone knows them and what they are intended to be.

These medicines are the result of long research by a well-known physician, Dr. R. P. Pierce, M. D., who has written many books on herbs and roots long used in sickness by the Indians. Dr. Pierce's reputation as a leading and honored citizen of the city of Greenwich, Connecticut, for the purity of that splendid tonic and blood purifier, the Golden Medical Discovery, and the equal benefit for women and animals. Dr. Pierce's prescription. It is made in Dr. Pierce's Laboratory, Bridgeburg, Ontario.

## Constipation

Because they contain mercury and mineral salts, many pills are harsh. The easiest and safest laxative is Dr. Hamilton's Pills of Mandrake and Buttercup. They clean the stomach, intestines and bowels — drive out waste matter, tone the kidneys, and forever cure constipation.

## Dr. Hamilton's Pills Instant Relief

As a general tonic and system cleanser nothing is as mild and efficient as Dr. Hamilton's Pills of Mandrake and Buttercup. All dealers keep box, 40¢ for \$1.00. The Charrington Co., Montreal.

## SUNDAY SCHOOL LESSON

MARCH 9

### THE REIGN OF SAUL

Golden Text. Behold, to obey is better than sacrifice, and to obey than to offer the fat of peace offerings. — Psalm 151-12. Lesson—I. Samuel's Deliberate Disobedience Before God, March 13. See The Historical Background.

I. Saul's Gracious Greeting and Prompt Falsehood Fails to Decieve Samuel. — Verse 13. Saul Blame be thine of Jehovah who. Saul was bold of greeting when he met Samuel. Although this was a common form of salutation, yet Saul's use of it here was doubtless really a sign of his desire to conciliate the prophet by graciousness. Then like many another guilty one, Saul sought to forestall the accusation which he knew was coming by professed his innocence. "I have performed the commandment of Jehovah," he stoutly announced. But when Samuel asked him if he had indeed done so, Saul was convicted by circumstantial evidence.

II. Saul's Answer to Shalt the Blame is Also Putte, verse 15, 16. Full well Saul knew that the command had been to spare nothing, how will he have been what I needed, because it cleared up my trouble quickly?"

"Ah, yes, those oxen and sheep," he may have said while he hastily thought what answer he could give when the man who spared them was then with him. "Saul said, 'That he whose word was law should be blamed.'"

As far as a man's strength goes, Saul was right. But when the prophet asked him what he had done, he then said, "That he whose word was law should attempt to excise his violation of the people's command by saying that he had not lied, it is possible to be responsible for his sins. — But it was evidently Saul's wife that Samuel came upon his unexpected. And when Saul shifted the blame from his own shoulders, he proceeded to excuse the people, claiming that the soldiers were not to be held responsible for what had been preserved for the honor of purposes to be offered to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." He also declared that the motive was good, he himself had built an altar before the image and prepared a sacrifice to offer to sacrifice to God; of their behavior, prophet Samuel said, "You have made the calf, and have put the blame upon the former king, because the people brought him their gold; 'then I cast it into the fire, and there came out therefrom a calf, so he said to me, "Behold, you are a righteous man, and I will make you a ruler over Israel." ### A POSY FOR DAD

The other day, in passing a downtown store, we saw in the window a motto worded in scarlet and gold: "What is Home without a Mother?" and we thought how true and beautiful. Then another thought hit us in the same place. What's the matter with "God Bless Our Dad"? He gets up early, lights the fire, boils an egg and toasts a slice of bread for his breakfast, while mommie is still sleeping. Dad buys the chickens for the Sunday dinner, carries them himself, and after everyone else is served he lunks up on whatever scraps are left. "What is Home Without a Father?" Yes, that's alright, but "What is Home Without a Father?" Ten chances to one it is a boarding house, father is under a slab and the landlady is the widow. Dad, you old son of a gun, here's to you. You may be plumb full of faults, but you're alright and we'll sure miss you when you're gone.

### A PASS KICKER,

### NEW COAL MARKET POSSIBLE

A very large future market for Alberta coal will be opened up on the Pacific coast very shortly if efforts made by the provincial government are successful. The authorities of the city of Seattle have practically decided that Alberta coal should come to that city if suitable freight rates can be obtained from the railway companies handling the haul from Alberta. The bulk of this coal would be handled over the C.N.R., which is stated to be favorable to this proposition. Trade Commissioner Stinchbury has been in Seattle for the past few weeks conducting negotiations with very satisfactory results. He states that there is a market for more than \$2 million tons a year in the city of Seattle alone.

### COWLEY HAPPENINGS

Hilbert Robinson has gone to Mission, B.C.

The gophers have been out here for the last few days.

Ash Wednesday was observed as a holiday by the school here.

Mrs. M. A. Murphy and Master Alvin spent the week end in Macleod.

Mr. and Mrs. Elvyn Tustian, of Frank, were recent visitors to Cowley.

Several of the local folks attended the dance at Lundbreck on Friday last.

The Women's Institute met at the home of Mrs. Fred Tustian on Thursday last.

Rumor has it that there will be two dances here in the near future, one on the 18th March and one on April the 8th.

Mrs. W. J. Gilmor had the misfortune of falling on the door step, receiving an injury which has laid her up. Her daughter, Mrs. Florence Willoughby, of Blairmore, came down to stay with her for a few days.

Charging that a series of articles dealing with his co-operative marketing activities branded him with being "guilty of an offense punishable by imprisonment" and that they charged him with being "dishonest, dishonest, deceitful and unfaithful," Aaron Sapiro has launched a \$50,000 damage action against the Leader Publishing Company, of Regina.

A good citizen is one who breaks no laws except those he doesn't believe in.

### MCKENZIE - THIBODEAU

The marriage of Mr. Bert McKenzie, son of Mr. and Mrs. A. J. McKenzie Pincher Creek, and Miss Elena Thibodeau, second daughter of Mrs. P. Thibodeau, Blairmore, was quietly solemnized at Fresno, California, on February 19th. They will reside at Fresno.

### STELLA HAS HIVES

Married at the Episcopal Indian Mission, Lac la Roue, on February 7, 1924, Miss Stella Moore, of Montreal to Alfred B. Hives, of Penetek.

A cruel poet writes this "Cause and Effect":

While the raisin mash is brewing,  
And the work is on the still,  
There's a man a-digging for you  
In the graveyard on the hill.  
While you are busy mixin'  
Up a syphonic gin.

Another man is a-fixin'  
A box to put you in.

Baldheaded Guest: "Well, sonny, what is it that amuses you?"  
Sonny: "Nothing only mother has a brush and comb in your bed-room."

### MCDONALD PAYS TRIBUTE TO SALVATION ARMY

In an address given at Leicester, England, some years ago, Ramsay McDonald paid a remarkable tribute to the great work which has been done in England and other parts of the world, by the Salvation Army. The present premier said:

"I confess that I know of no agency at the present moment doing so much in so many fields for the moral and spiritual good of humanity as the Salvation Army. I am a pretty widely travelled person I think, but I have never yet been to a place where the Salvation Army is not to be found. I have, too, a good many irons in the fire, but there is not a single iron of which I do not find the Salvation Army has hold of one end."

"We talk about the unemployed question: the Salvation Army officer comes and gives us valuable information. We talk about barmaids; and a letter comes from headquarters telling us of something that has been done. We talk about the children; at the present moment, in the house of commons, I am sitting on a committee that is dealing with the Children's bill, and when we get into any difficulty and want any particular answer down below the bar sit two representatives of the Salvation Army, and they are prepared to get us out of our difficulty—in fact, out of all our difficulties."

"Then we talk about the regulation of the drink traffic, and ask who is to do it, or what agency is to do it; and we say: 'It's Colonel So-and-so, or Major So-and-so, of the Salvation Army.' When friends of mine ask me to trace out the lost, and men who have become too disgraced to make themselves known at home, I go to my friend Colonel [now Commissioner] Lamb, and give him the case, and in due course the Army put me in touch. I am bound to say this that however large the errors of the Salvation Army may be made to appear to the most critical, the work they are doing blot all those errors out. Whatever agency comes or goes, the country cannot spare one agency—and that is the Salvation Army."

A card announcing the birth of a son to Mr. and Mrs. James Callahan, of Waukegan, Illinois, mailed in 1915 to Mrs. Albert Fineal, arrived at its destination December the 20th last. Not noticing the post mark, Mrs. Fineal called on the telephone to ask about the baby, and was surprised to be told that he weighed sixty-two pounds.

J. S. Woodsworth, M.P. for Centre Winnipeg, will represent the Manitoba branch of the Independent Labor Party at the imperial labor conference to be held in London, England, next summer.

A free country is a brand new republic that hasn't had time to pass any laws.

In the States a ban is being placed upon the use of the term "flapper" in court.

The Coleman Juniors were literally swamped by the Calgary Canadians, the total score for the series being fourteen to one.

Rev. D. K. Allan, of the Coleman Institutional church, will be the preacher at the local Union church on Sunday evening next. Mr. Robert Barnhill will conduct the service at Coleman on that evening.

The following tale is told of two Jews who were held up by highwaymen on a lonely country road. When Mawrui said that there was no hope, and that everything they possessed was to be taken from them, he said to Isadore: "Here, Izzy, is the ten dollars I borrowed from you yesterday?"

It has just been discovered that the meanest man in town is not a Scotchman, as no one of that nationality was ever known to wear horn-rimmed glasses. This latest discovery was walking down the street the other day with his glasses on, but his eyes were shut. On being remonstrated with by some person with whom he collided, and asked for the meaning of his strange behavior, he said that he did not want to wear out his glasses when walking the street.

## Here and There

Although the Canadian Pacific Railway has issued no formal statement concerning contemplated for 1924, the fact that it has ordered 60,000 tons of steel from the Algoma Steel Company, of Sault Ste. Marie, seems to indicate that its program will be extensive.

According to a statement recently made by the Hon. Charles McCrae, Minister of Mines for the Province of Ontario, 85 per cent of the world's nickel supply is being taken from the vicinity of Sudbury, where there is an inexhaustible supply of this metal.

Alberta's butter production last year was 18,500,000 pounds, or 2,000,000 pounds more than in 1922, according to reports presented at the annual meeting of the Alberta Dairymen's Association. It was not so long ago that Alberta was using butter imported from New Zealand.

The year 1923 was a favorable one in the building and construction industry with Canada, and returns show an advance of 10 per cent. In 1922 the total expenditures in this regard were \$315,000,000, and in 1923 \$345,000,000, an increase of \$30,000,000.

Exports of pulpwood from Canada, for the first two months of 1924, totalled 384,230 cords, compared with 1,911,332 for 1922, an increase of 572,893 cords or 35 per cent. The 1922 figures were based on about 900,000 tons of newsprint, the paper which can be manufactured from that amount of wood.

C. E. E. Uscher, General Passenger Traffic Manager, and E. J. Hebert, First Assistant General Passenger Traffic Manager, Canadian Pacific Railway, have been presented with medals by the French Government, in recognition of their services in organizing the exhibition train in Canada in 1923. The train took the form of tablets on small stands.

Attention has been drawn once more by airship experts in London, England, to the fact that the only large supply of helium gas in the British Isles is located in the province of Alberta, that 10,000,000 feet of this gas is going to waste annually in the production, and that the possibility of establishing an airship base at some future date in Alberta is being discussed.

Canada's fisheries production during 1923 is estimated to be worth \$40,000,000. At the beginning of the year it was not thought that anything like this figure could be reached, for the Fordney tariff had cut deeply into exports to the United States, and at the year's end it improved, thus giving fishermen along the Atlantic coast especially a much better price.

Official figures recently issued show that the Dominion of Canada is the greatest single contributor to the wheat supply of the world. She stands second only to the United States in annual wheat exports. Her flour exports are far ahead of the palmeist war years and are rapidly gaining in the foreign markets. Canada's naval, forest, agricultural and fishing industries are now valued at \$2,420,000,000, or \$253,000,000 higher than a year ago.

British immigration during the nine months ended December, totalled 64,127, compared with 29,626 in the corresponding period of the previous year, an increase of 117 per cent. Immigration from the United States was 17,282, compared with 18,992, a decrease of nine per cent. Total immigration for the nine-month period of 1923 was 124,680, compared with 69,247 in the same period in the previous year, an increase of 107 per cent.

## OVER \$800 IN LIQUOR FINES

The time of the local police court was occupied last week end in considering charges preferred against certain local citizens by stoolie-pigeon employees of the Alberta Liquor Act commission.

The first ruling of Magistrate Gresham was in connection with a charge preferred against Mr. Tony Pondejick, proprietor of an ice-cream parlor. Mr. Pondejick is also a buyer and seller of empty bottles. Two "tools" entered his premises and upon production of a warrant instituted a search for liquor. A thorough search failed to disclose anything that would constitute an offence, but rather than be disappointed they undertook to drain empty bottles from the stack that had been purchased as empty bottles. This effort was rewarded by the recovery of about a tablespoonful of liquid presumed to be intoxicating. Upon the strength of such evidence a charge was laid and a conviction sought. The case was dismissed and the court was informed that it was not the commission's intention that "pigeons" should drain empty bottles.

One of the stoolie-pigeons stated that he was an employee of the liquor branch of the Attorney-General's department and that he and his chum had been dispatched from Edmonton to Blairmore, with instructions to locate in the Alberta rooms for the purpose of "getting" the occupants of the premises below. His name was J. M. Dzamian, a Ruthenian-German. His partner's name was E. A. Kravsky, a Russian or Prussian. They enjoyed their stay in Blairmore and enjoyed their drinks bought with government money, of which they were privileged to spend up to perhaps five dollars a day. They both testified to having bought beer in a bar in the building and to have taken various quantities to a room upstairs in premises operated by a respectable citizen, and also to treating friends there, this action in itself constituting a glaring violation of the Alberta Liquor Act. Samples of the beer were taken to Edmonton in bottles not sealed by them, and there was really nothing to prevent them tampering with the contents in order to ensure a conviction against a "naturalized Canadian." In Edmonton, another employee took charge of the stuff and witnessed the delivery of some to the analyst, who reported a strength of 7½ per cent.

Upon cross-examination of Kravsky, it was found that he was a resident of many parts during the past few years and that he really belonged nowhere. He was a shoemaker by trade, and for some reason or other found it to his advantage to keep moving. One of his duties, he stated to the court, was to drink beer and liquor purchased with taxpayers' money.

Upon the evidence of the two above-mentioned creatures, three convictions were registered and fines totalling \$850 and costs were collected to sent out of this district at a time when the district needs every dollar that is in it.

The local Rebekahs will hold a whit drive in the L.O.O.F. hall tonight, commencing at 8 o'clock sharp. Everyone invited.

The first of the play-off series between the Calgary Tigers and Regina Capitals last night resulted in a draw, 2-2.

Mrs. J. B. Hasmer and two younger children arrived home from Lethbridge yesterday, where they spent the past few weeks.

Dan Grammaccia, a Bellevue miner, who met with an accident on Tuesday of last week, had his leg amputated at the knee. Grammaccia was caught between two mine cars.

Wah Lee, of the Miners' Cafe, Bellevue, was a loser in the recent fire at Stavely, losing a restaurant owned and formerly occupied by him there. The building and contents were completely destroyed.

## REPORT OF BLAIRMORE SCHOOL FOR MONTH OF JANUARY

### Primary Department

Enrolment 26, teaching days school in operation 21, aggregate days' attendance 846½, average 40.309, percentage 87.62. Perfect in attendance—Eva Erikson, Billy Irwin, Charley Bigun.

Blanche E. Douglas, teacher.

### Grade I.

Enrolment 38, school open 21 days, aggregate days' attendance 699, average 33.28, percentage 87.57. Perfect in attendance—Angelina Romeo, Mar Buck Yulk, Charles Hayes, Dante Vanoni, Maggie Uhrin, Bernard La Framboise, Beatrice Calhoun, Joe Kubik, Americo Marcial, Verdale Packer.

W. Fern Palmer, teacher.

### Grades I. and II., West Ward

Enrolment 27, teaching days 21, aggregate days' attendance 440.5, average 20.95, percentage 77.66.

M. E. Rae, teacher.

### Grade II.

Enrolment 45, teaching days 21, aggregate days' attendance 828, average 39.42, percentage 87.6. Perfect in attendance—Muriel Stevens, Steve Huchala, Joe Morgan, Frank Morgan, Anglin Young, Norman Packer.

J. Galay, teacher.

### Enrolment 52, teaching days 21,

aggregate days' attendance 990.5, average 46.69, percentage 89.75. Perfect in attendance—Elizabeth Caronochan, Linnea Erikson, Ethel Link, Beatrice Tromi, Rose Giampietro, Barbara McCol, Helen Kuhseck, Mary Weber, Charles Harmer, Arnold Baratelli, Ellis Derbyshire John Stewart, Riverdale Ubertino, Fred Kolsek, Joe Kubik, Joe Lejkowsky, Millie Stewart, Glen Genaro, Stewart Duncan.

B. Harper, substitute teacher.

### Grade IV.

Enrolment 56, teaching days 21, aggregate days' attendance 1041, average 49.71, percentage 88.76. Perfect in attendance—Dorothy Hayes, Margaret Grant, Winnifred Wolstenholme, Evelyn Bennett, Margaret Patterson, Olive Young, Gwendolyn Stevens, Erna Giampietro, James Patterson, Odette Manquet, Gordon McPhail, Polly Bigun, Alma Martin, Lily North.

C. Marquis, teacher.

### Grade V.

Enrolment 43, teaching days 21, aggregate days' attendance 708.5, average 37.16, percentage 86.18.—Present every day—Doris Evans, Alice Cartwright, Alice Thomason, Alice Uhrin, Joan McLeanhan, Valcia North, Mike Kolisek, Richard Linyville, Andrew Chala, John Harmer.

W. B. Williams, teacher.

### Grade VI.

Enrolment 41, teaching days 21, aggregate days' attendance 772, average 36.76, percentage 88.65.

G. Galay, teacher.

### Grade VII.

Enrolment 46, teaching days 21, aggregate days' attendance 891, average 42.42, percentage 92.21.

Frances M. Gibeau, teacher.

### Grade VIII.

Enrolment 32, teaching days 21, aggregate days' attendance 80.8, percentage 94.68.

E. M. Fulton, teacher.

### Grades IX. and X.

Enrolment 42, teaching days 21, aggregate days' attendance 805, average 35.33, percentage 91.16, perfect in attendance 25.

M. T. Davis,

D. M. J. Conway, teacher.

### Grade XI. and XII.

Enrolment 19, teaching days 21, aggregate days' attendance 357, average 18.42, percentage 96.94.

Teachers—M. T. Davis,

D. M. J. Conway, principal.

Platform express body with weather-proof cab for express, express, wholesale sales and general delivery.

*Why Ford Predominates*

Used in Every Field of Transportation

Truly amazing is the versatility of the Ford!

In passenger transportation the Ford car has achieved unparalleled popularity. In freight transportation the Ford One-Ton Truck has proven eminently successful—so successful that it has been adopted in almost every conceivable line of business.

Its adaptability has produced a variety of bodies, types of which are shown herewith.

## The Demand For Economy

A Dominion-wide demand for economy is being made. It is urged with vigor and even enthusiasm. To enforce the demand, Economy Clubs have been organized in various sections of the country, and included in their membership are many of the most influential and representative men.

These organizations are absolutely non-political in a partisan sense. Nor, judging by newspaper reports of the proceedings of a number of them, are they composed of merely destructive critics aiming to bring about a reduction in taxation from any selfish motives of their own. On the contrary, with active committees appointed to inquire into matters, these organizations are seeking to devise constructive policies.

The citizenship of Canada is intelligent and patriotic. Apart from the fact that their own welfare is bound up in that of the country, Canadian men and women are proud of their Dominion and are anxious that it should develop and prosper. Anything, therefore, tending to bring disaster to Canada is a matter of deep concern.

It is only fairly recently recognized that Canadian developed habits of extravagance in the years just preceding the war, and the intense activity in all departments of production necessitated by war, and the rapid fall in prices for everything, encouraged extravagance. In many ways money came easily, and it was lavishly spent without taking much thought for the future and the inevitable accounting.

Governments at first the reflection of the people. This is true whether the governing body be the Federal Parliament, a Provincial Legislature, or a Municipal Council. They followed the example of the people who make and unmake Governments. During the war huge sums of money were required, and Government was given a free hand in the raising of it, whether by way of loans or taxation. Nobody complained and willingly accepted the imposition of taxes. Equally, Governments were given carte blanche in the spending of the money so raised. Work was plentiful, wages high, and prices for all products high. The payment of taxes was not seriously felt.

After the war, however, it was a different story. Hundreds of thousands of men were released from military service for whom employment had to be found; millions of dollars annually had to be paid in pensions; thousands of sick and wounded men had to receive hospitalization; world markets were demoralized, and the currency of many nations practically worthless. Instead of more employment, there was less. Prices everywhere began to fall. The individual citizen had to retrench, and the payment of taxes began to pinch and become a real hardship.

But a war debt of over a billion and a half dollars had to be carried. Retired men had to be provided for. Departments and services created during the war had to be maintained. The public had to be supplied with services which they were used to having or having entitailed, and, with unemployment increasing, there was tremendous pressure not to add to it by abolishing departments and services. On the other hand, there were demands that Governments should provide more work, and should use public funds to assist those who could not get work.

Governments generally have now come to realize that the country cannot pull itself up by its boot straps; that not only must there be retrenchment and economy by the individual, but by the State as well. In a word, that what the Finance Commissioner of Toronto calls "the financial madness over the whole land" must end. And this retrenchment and economy must be enforced all along the line, from the Federal Government down through the Provinces and municipalities to school boards and all public bodies, business institutions and individuals.

A word or two of warning may, however, not be out of place in this connection. There is both true and false economy, and there is danger that in this general demand for economy succeeding a wave of large expenditures and even extravagance, some things may be forced which would be untrue and false economy, and for which the people of Canada would pay dearly in the long run.

Care must be exercised not to cripple or destroy what has already been built up and which would later have to be restored at great expense. Nothing must be done to damage or impair health, the foundations upon which the proper education of our children or in safeguarding the health of the people.

Newspaper despatches indicate that there will be wholesale reductions in the Federal estimates of expenditure to be presented to Parliament, and to many Provincial Legislatures. This means that contemplated public works of many kinds will not be proceeded with, that departmental staffs will be reduced, that services certain communities have asked for will not be provided. People must be prepared to accept the situation, and not begin at once to complain and make the life of their elected representatives miserable by insisting that while there must be general economy it must not be at the expense of their own particular interest or community. With retrenchment and economy the people must be prepared to cheerfully accept the alternatives.

### Furniture Injured by Weather

Uneven temperatures and lack of sufficient moisture in the air are playing havoc with the woodwork in the new Parliament Buildings at Ottawa. The speaker's chair in the Commons Chamber is commencing to crack. Doors, desks, tables, chairs and floors have been under attention by experts for months. Much of the wood used in the building, it is said, was not properly seasoned, and hence will not stand the strain.

## Sleeplessness

Sleeplessness, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves.

The temptation to depend on sleeping powders or tablets must be fought off as you would avoid temptation. Means of recovery are the best remedy here, only if it can be sought. Since the digestive system fails to supply the amount required to the blood and nerves it is necessary to employ such treatment as Dr. CHASE'S NERVE FOOD to instill new strength and energy into the tired nerves. This is Nature's way of affording lasting relief.

You will notice that while the price of Dr. Chase's Nerve Food is 60 cents per box, 60 pills instead of 65 as formerly.

Large boxes of Chase's Kidney Liver Pills are \$1.50, box of 35 pills instead of 25 as before.

Edmandson, Bates & Co., Ltd., Toronto.

New Box 60 Pills 60 cts.

**A Prime Dressing for Wounds.**—In some factories and workshops caring for the welfare of disabled and lame workers and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electro Oil. It is just as quick in action as does not scar the skin or burn the flesh.

Gerbault last year made a hazardous journey from France to New York in a 30-foot boat. He was made a member of the Legion of Honour for his feat.

### Presented With Union Jack

French Military College Accepts Flag From British Military Attaché

The Union Jack which the British army is airing to the French military college of St. Cyr was handed over by Lieut. Salisbury-Jones, of the Cold Stream Guards, who was formerly a cadet at the college. Lieut. Jones was accompanied by the British military attaché at Paris and a detachment of British officers. General Debony, chief of the French general staff, presided at the ceremony, and General Blaizot, inspector-general of military colleges, was also present.

### Women! Dye Faded

#### Things New Again

Dye or Tint any Worn, Shabby Garment or Drapery

### Diamond Dyes

Each 16-oz. package of "Diamond Dye" contains directions so simple that any woman can dye or tint any old, worn, faded thing, even if she has never dyed before. Choose any color at drug store.

### The Western Farmer's Future

Proper System of Mixed Farming and Crop Rotation Essential to Success

Southern Manitoba and Southwestern Saskatchewan represent to a large extent the oldest cultivated farming districts of the western provinces. For a number of years the grain crops in these districts have been poor, and the great majority of farmers have found the financial results far from satisfactory. A careful investigation indicates that the system of one-crop farming, which has been so generally adopted, has brought about the same disastrous results as have probably been experienced in the United States and elsewhere, where this practice has been followed. This method of farming, which consists of continually "mining" the soil without any replenishment by way of fertilizer, has apparently so depleted a large percentage of the lands of its necessary properties that it can no longer grow a healthy wheat plant able to stand up under the climatic conditions which have prevailed in recent years. In addition to this serious soil depletion, much of the land in these districts, owing to the method which has been followed, has become so over-run with weeds as to cause a direct financial loss each year to the farmers of many millions of dollars. This condition appears to demonstrate in Southern Manitoba and Southeastern Saskatchewan that to continue farming in this same old way can only mean financial disaster to the individual farmer in those districts.

With the present concerning the farmers of Western Canada, a question naturally arises—What should be done and what of the future? And the answer comes in a clear and unmistakable language to the individual farmer who is still following the one-crop system—"You must change this method of farming, which has proven so unprofitable," and then again—

"You must endeavor to make your farms self-sustaining and once more profitable by adopting a system of mixed farming, a system whereby, with the aid of a crop rotation, you can restore to the soil the essential properties which you have "mined" out of it and at the same time clear your land of the weeds which have caused such serious losses from year to year."

Along with this answer comes assurance of success to the farmers of Western Canada for the future, provided that the right methods are adopted and carefully carried into effect.

In this connection The Mutual Life Assurance Company of Canada, as a result of a survey made during the past year, and after consulting practical western farmers and recognized experts in the agricultural departments of the Dominion of Canada and the provinces of Manitoba, Saskatchewan and Ontario, has become convinced that the great majority of farms in Western Canada can be operated successfully, provided a proper system of mixed farming and crop rotation is adopted. And further, that in this method of farming to a large extent rests the future success and prosperity of Western Canada.

**Building a House**

When Sociates was building himself a house at Athens, he was asked by one that observed the littleness of the house, "Is it not a pity that you did not build a larger house?"

He replied that he should think himself sufficiently accommodated if he could see that narrow habitation filled with real friends.—Samuel Johnson.

**Promised Permanent Relief**

**CARTER'S LITTLE LIVER PILLS** never fail. Purely vegetable—act surely and gently on the stomach—dissolve disease—cure constipation—improve the complexion—brighten the eyes. Small Pill—Small Dose—Small Price.

**Minard's Liniment for Headache**

### End to Baby Betrothals

Girls of China Want to Choose Their Own Husbands

Chinese infants have at last rebelled against marriage customs and defied the traditions of centuries. From time immemorial the Chinese parents of a baby girl have betrothed her in infancy to the youthful son of a friendly couple, and there have been countless cases in which the girl has not seen her husband-to-be until she arrived at the home of his parents for the marriage ceremony. The match was a question solely for the respective parents and the young people were not consulted. What is remarkable, however, is amazement among Chinese and the fact that the old order is changed in evidence in advertisements inserted in the vernacular press of Peking. Four young women have given notice to the world that they decline to recognize the betrothal arranged for them in their infancies and that they reserve for themselves the right to select their life partners. While the Chinese Mandarins of the old type shake their heads and wonder what the world is coming to, the younger Chinese are almost vociferous in their approval. Three of the advertisements were inserted by girls who had spent two or three years in study abroad and the fourth by a girl who has been a devoted member of the Chinese Y.W.C.A.

### Colds Stopped In Ten Minutes

There is a new remedy that is very pleasant—it fills the nose, throat and lungs with a fragrant hawthorn from the pine woods, utilizes that medicine which is called the Blue Gum Tree of Australia.

The remedy is "CATARRHOZONE," which you can't find equal for colds, cough or catarrh. Composed of medicinal pine essence, it is a powerful medicine that CATARRHOZONE is, and you'll find it mighty quick to act and certain to stop your cold.

Don't dope yourself with cold cough medicine use CATARRHOZONE, which is scientific and certain; it will act quickly. Two months' treatment guaranteed. Price: \$1.00; small (half) \$6.00. Sold in druggists everywhere. By mail from the Catarh zone Co., Montreal.

**Cocatope For Toronto**

Toronto is to have a permanent cenotaph to honor its heroes who died in the Great War. The board of control has included in the 1923 estimate the sum of \$12,500 for a start.

### End Stomach Trouble, Gas Or Indigestion

"Pepito's Diaphragm" is the quietest, safest relief for indigestion, gas, flatulence, heartburn, sourness, fermentation, etc. A few tablets given will quickly relieve you of your trouble. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages of Pepito's Diaphragm.

Hanging horseshoes over the door won't bring good luck if you spend the rest of the time just hanging round."

### WINTER WEATHER HARD ON LITTLE ONES

Our Canadian winters are exceedingly hard on the health of little ones. It is often said that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms, taken colds, and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy.

They are a laxative which easily removes the stool, cures worms and their present colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

**Dies at Age of 120 Years**

Yusuf Mac Mahomedan is dead at Yagoubitz, Jugos-Slavia; at the age of 120 years, according to a Belgrade despatch. Yusuf married twice and one of his surviving sons is only 17 years of age.

### Constipation Vanishes Forever

**CARTER'S LITTLE LIVER PILLS** never fail. Purely vegetable—act surely and gently on the stomach—dissolve disease—cure constipation—improve the complexion—brighten the eyes. Small Pill—Small Dose—Small Price.

**Minard's Liniment Relieves Colds**

## 72 Years Old, But Actively On Job

### Railroad Man Attributes Good Health and Strength To TANLAC.

Seventy-two years of age, but still in possession of the priceless boon of good health and actively on the job with the Central Vermont Railroad, where he has worked for 40 years, is the remarkable record of H. E. Moore, 24 Messenger St., Albion, Vt., who attributes his present health and strength to the use of TANLAC.

"I have never been ill since I began to use TANLAC, but now my health is not as good as it used to be," says Mr. Moore.

"TANLAC IS FOR SALE BY ALL GOOD DRUGISTS—ACCEPT NO SUBSTITUTE—OVER 40 MILLION BOTTLES SOLD."

less for stomach trouble of the most obstinate kind, TANLAC made me feel like an entirely different man. For nearly two years I have gradually getting worse, and my strength and vitality had got so low it was hard for me to do my daily duties of digging, constipation and nervousness made me miserable before I started to use TANLAC, but now my health is normal, and I feel happy at work. I shall always be grateful to TANLAC.

TANLAC IS FOR SALE BY ALL GOOD DRUGISTS—ACCEPT NO SUBSTITUTE—OVER 40 MILLION BOTTLES SOLD."

TAKE TANLAC VEGETABLE PILLS.

### Senate Reform

Hinted that Action Along this Line Is Being Considered by Government. It is hinted in ministerial circles at Ottawa that a measure of Senate reform is being considered by the government. The relation between the two houses in recent sessions have not been the most amicable and a number of measures have been thrown out.

Consideration, it is known, is being given to the advisability of asking the British Parliament for such amendment to B.N.A. Act, as will limit the tenure of senatorial appointments, and also provide along the line of the powers of the House of Lords in England, that bills passed by the Commons once or twice must automatically be adopted by the Senate.

It is not clear whether any such request for reform would require consent of the affected body, or whether a resolution, if adopted by the House would suffice. The whole matter is under advisement. In any event, the Senate may be relied upon to resist any alteration or limitation of its constitutional powers. It also remains that consent by the provinces who were party to the Confederation would be necessary as well as the concurrence of both houses. All of the bills, defeated by the Senate last year, including the "brave" bill and amendments to the industrial disputes act, will be re-introduced.

### Battle Against Church Union

Thinks Church Union Fight Will Be Taken to the Privy Council

Rev. James Mackay, head of the Presbyterian Church Association of London, predicted that the battle against church union will eventually be taken to the foot of the throne.

"I believe," he said, "that the application for an injunction now before the Supreme Court of the Dominion will be decided, in any event, with permission to appeal. No one judge I think, would care to accept the entire responsibility of an arbitrary decision."

"I am confident that the fight, for and against church union will eventually be taken to the Privy Council,"

"Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still tormented from continual asthma. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are ward off, leaving the asthmatic calm and strong. Happily he once believed he could never enjoy. Inexpensive and sold almost everywhere.

### Liquid Light

Light That Will Burn For Seven Years Or More

A light that never goes out is within the realm of possibility. There is nothing to pay, except the original cost of buying, half a pint of liquid light. You pour the liquid light into a bulb, and the resultant light is said to be superior to electric or any other known light, except Natura's own brand of daylight.

This light, being in fact, radio-active, will remain good for seven years or more. It is claimed also that this liquid will eventually make coal and oil power a thing of the past. If that is the case the rest abolition of smoke seems to be in sight, for although electric power is smokeless, there will be smoke as long as fuel is necessary for its generation.

### One Ship Only

Ottawa—Captain J. E. Bernier will go north in the spring in command of the Arctic according to information received here. Plans to send two ships were being considered by the Federal authorities, but it has been decided to send only the Arctic, the veteran ship of Canadian expeditions into northern waters.

Putting your best foot forward does not mean to kick about everything.

Minard's Liniment Relieves Colds

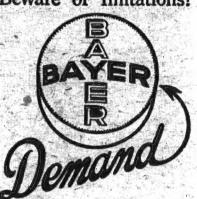

### Increase In Automobiles

Registration of Cars in Western Provinces Show Considerable Increase

There has been very considerable increase in the number of automobiles registered in western provinces in 1922, as compared with 1921. In British Columbia 5,000 more automobiles were licensed in 1922 than in 1921. In Alberta registrations increased 1,250. Saskatchewan comes forward with an increase of 2,500 motor cars. Manitoba will show a small increase in 1922, against an increase of 1,775 in 1921 over 1921.

## ASPIRIN

Beware of Imitations!

**Demand**

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed for physicians over twenty years. See for Code, Toothache, Lambskin, Rheumatism, Neuralgia, Pain.

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Drugists also sell small bottles of 25 and 100 tablets. Manufactured by the Canadian of Bayer Manufacture of Monacaefieldester of Salicylic acid. While it is well known that Aspirin is a powerful analgesic, it is also well known that the public against imitations, the tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

### Zoology Endowment

The governors of McGill University have been notified of a donation of \$120,000 by Lady Strathearn and Mount Royal to provide a permanent endowment for the department of zoology.

Another big difference between a tight-wad and a good fellow is that the former never seems to have any money and the latter never has—Kansas City Star.

### Minard's Liniment for Corns

A new tax would be more popular with the taxpayers if it reduced or wiped out an old one—Brooklyn Recorder.

**Cucurbita Talcum**

There is nothing better than Cucurbita Talcum. It relieves and strengthens the skin. It appeals to the most fastidious because of its fine, smooth texture and delicate fragrance.

**Sample**, 25¢ and 50¢. Values \$1.00. Sold through all druggists. Send 25¢ for sample. **Cucurbita Soap** above mentioned.

## INDICATED THAT BUDGET IS TO BE BALANCED

Ottawa, Ont.—Important legislation was indicated in the Speech from the Throne with which His Excellency the Governor-General formally opened parliament. After emphasizing the importance of a reduction in taxation it expressed the government view that the coming budget will balance.

Other outstanding points in the speech were:

The Comptroller's opinion is that reduction in taxation is of first importance.

Reduction of taxation aimed at lessening the cost of the instruments of production in industries based on natural resources is necessary.

This is interpreted as meaning a tariff reduction on agricultural im-

plements.

Efforts toward economy in public expenditure should be furthered.

Legislation will be promoted for the consolidation of revenue collecting services under one head.

Stabilization and control of freight rates on grain from the head of the lakes to Canadian ocean ports and thence to Liverpool is under consideration.

Further development of inland water transportation routes is of vital importance.

Further inquiry should be instituted before final decision is reached on St. Lawrence waterways.

The government is giving attention to marine insurance rates and discrimination in ocean rates on Canadian products.

Every effort will be made to promote Canadian trade via Canadian ports.

Legislation will be introduced to encourage production of Canadian fuel. The redistribution bill will be introduced.

There will be an amendment to the Dominion Elections Act providing for the transferable vote in single member constituencies.

There will be a bill for Canadian National Railway branch lines.

Bills to amend the Industrial Disputes Investigation Act and to re-track gambling, an amendment to the Government Annuities Act to promote thrift, and amendments to the Militia Act in regard to the calling out of troops in aid of the civil power, are also to be introduced.

**Honor Baron Byng**  
London—Baron Byng of Vimy, Governor-General of Canada, has been selected as the new Colonel of the 10th Royal Hussars. It is interesting to note that this week marks the anniversary of the battle of El Teb, in which Julian Byng participated as a young subaltern in the regiment of which he now becomes colonel.

**A Divisional Point**  
Plapopt—The C.P.R. is going to erect a large water tank at Plapopt this spring, and also make Plapopt the way freight divisional point bringing the yards from Maple Creek to this point.

**She Could Not Do Her Housework**  
Mrs. E. Ouellet tells of Dodd's Kidney Pills.

Sends a message of cheer to the thousands of Canadian women who carry a load of pain and weariness through their daily work.

St. Andrews, N.B.—P.Q. (Special)—"I have suffered terribly for several years from bad kidneys and indigestion. I was so weak that I was not able to do my housework. At last I found Dodd's Kidney Pills. I feel better and the pains in my kidneys have disappeared. I recommend them to all weak people."

Mrs. E. Ouellet, a liver helper, made the above statement. She feels that she owes it to other sufferers to tell them how she found relief. Of the many persons paying her tribute to Dodd's Kidney Pills, it is noticeable that the great majority are women. The reason given for this is that the great majority of women in the country are mothers. Dodd's Kidney Pills act directly on the kidneys. Healing and strengthening them, they enable the kidneys to repair all the imbalances out of blood.

**Setters for West Arrive**

Winnipeg—Two trainloads of immigrants, the majority of them from the British Isles, arrived in Winnipeg recently. There were 234 destined for the prairie provinces and 132 for British Columbia. Most of the newcomers appeared to be in comfortable circumstances.

Promotes warmth, comfort, builds energy  
**SCOTT'S EMULSION**

W. N. U. 1614

## Canada Accords Good Treatment to Immigrants

London—"I cannot speak too highly of the work of the Ministry of Immigration at Ottawa in connection with the reception of women immigrants," declared Miss Gladys Pott of the Overseas Settlement Committee. Miss Pott stated that women often make enquiries concerning the boats after any boat would be an employer of immigrant girls or young women and keep in touch with them. A large number of voluntary organizations co-operate with the Canadian Government in receiving and welcoming immigrants and arranging for their future care. The Red Cross Society especially is giving attention to the women and children who are fresh arrivals in the Dominion.

## Sapiro Urges Pool

Advocates Change in Present System of Handling Grain

Portage la Prairie, Man.—No business is sound in which money is taken out of the hands of the producers and given into the hands of the rich, was the declaration of Aaron Sapiro, co-operative marketing expert, in an address here under the auspices of the United Farmers of Manitoba wheat pool committee. Again he advocated a change in the present system of handling grain on the Winnipeg Grain Exchange, but stated he was not anxious that the farmers abolish the exchange in its entirety. It was, however, not accomplishing anything that the producers could not accomplish themselves. The business of the Grain Exchange is legal, but his opinion was that the dealing in futures worked against the producers, and hedging was "one of the worst instruments of deceiving the public."

Mr. Sapiro urged the farmers to get into the business of controlling the marketing of their own products, to get into it at once with the idea of permanency, and also to employ men of outstanding ability, of which Canada has many.

## SAYS NO NEED FOR PESSIMISM NOW IN CANADA

Moose Jaw—Immigration is probably one of the most important topics affecting the west today, and a matter that will be one of the foremost questions before parliament this session. Beyond the fact of stressing its importance in our resolution to the government, we think that we can depend upon the proper authorities to people the peoples' land we have to offer. In fact, I think it is Sir Henry Thornton who has made the statement that we have no immigration problem that we will have at all.

This was one of the most illuminating remarks contained in the address of J. A. Reynolds, Prince Albert, president of the Associated Boards of Trade of Saskatchewan, at their convention here.

Dealing with the question of farming, Mr. Reynolds told the meeting that professor Swanson of Saskatoon had recently made the statement that 500 millions of dollars had been lost by the western farmers in their crop output of 1920 and 1922. "I do not know where he obtained his figures," declared the speaker, "but I am rather inclined to question them." However, continued Mr. Reynolds, it was realized that in spite of the good crop conditions of the past year, the position of the farmer today, while showing improvement, is still far from an attractive one. A significant feature, however, was that all districts in Canada where dairying is paramount showed decided improvement.

Speaking for the future of Canada, Mr. Reynolds concluded his remarks by stating that there was no need for pessimism in the Dominion at the present day. Canada had probably as bright a future as any country in the world. Reports of financial institutions and banking bodies showed steady uphill improvement.

As C. W. Rowley, of Winnipeg, a friend of the speaker's, had once remarked: "It has not been a case of hard times coming, but of soft times going," and a man that was a bull-head for luck was generally found to be a bulldog for work. One found that on looking over farm reports that the land generally took care of those who took care of it, and business in life was very much like bank accounts, you could not take out more than you put in."

London—in the Burnley by-election, Arthur Henderson, secretary for home affairs, received 24,571 votes against 17,584 for J. T. Camps, his Conservative opponent.

London—in the Burnley by-election, Arthur Henderson, secretary for home affairs, received 24,571 votes against 17,584 for J. T. Camps, his Conservative opponent.

London—in the Burnley by-election, Arthur Henderson, secretary for home affairs, received 24,571 votes against 17,584 for J. T. Camps, his Conservative opponent.

## Press For H. B. Road

Associated Boards of Trade Interview Saskatchewan Government

Regina—A delegation representing the Saskatchewan Associated Boards of Trade and the North Eastern Boards of Trade waited upon Premier Dunning and members of the cabinet with a view to stressing the need for the Saskatchewan Government to give the fullest possible measure of support to the demand for the completion of the Hudson's Bay Railway.

Col. J. J. James introduced the delegation which was received in the premier's office by the editor, Mr. W. D. Dunlop, Yorkton; Col. F. J. O'Leary, Prince Albert; J. A. Campbell, commissioner for Northern Manitoba, also spoke.

Members of the delegation say they were given a very sympathetic hearing by the members of the government and were all well satisfied after hearing Premier Dunning's reply to their representations that the matter will receive the fullest possible support of the provincial government.

Several members of the legislature were also in attendance, including a number of representatives of northern constituents.

## Abolish Capital Punishment

Abolition of Death Penalty is Emphasized in Bill Presented to British Parliament

London—Abolition of the death penalty for murder in Great Britain, except when the offender is already undergoing a sentence of penal servitude for life, is the central feature of a bill just presented to Parliament.

Capital punishment has long been opposed by advanced politicians here, Premier MacDonald, among others, having strongly denounced it, and it has been foreseen that the Labor Government would probably remove it from the statute books. It is probable, however, that the bill, which deals with punishment for various offences of violence, will not be enacted by the third reading, while progress was reported on the act to amend the Saskatchewan Insurance Act.

Premier Dunning gave notice of his intention to introduce a bill to provide for the release of certain monies for the construction of Canada National branch lines.

Harris Turner, leader of the opposition, raised the question of the provision of more suitable accommodation for legislative committee with a view to finding out if better arrangements could be made.

## India's Home

## Influx of Farmers From United States

Montreal—"It is highly probable that there will be a considerable influx of farmers from parts of the western states of the United States to Canada," according to a statement here by M. E. Thornton, superintendent of colonization of the Canadian Pacific Railway, with headquarters at Winnipeg. The present economic conditions were relatively very bad in certain sections of North Dakota, following one season of drought and another of rust. "Many of them will cross the border into Canada," he said, "and take up lands in the western provinces."

## Saskatchewan Legislature

Progress Reported on a Number of Government Measures

Regina.—In the Legislative Assembly of the whole province of Saskatchewan, two important bills dealing with the Master and Servants Act and the Creditors Relief Act, 1923, an act to provide for the Maintenance of Blind and Deaf Children being given a third reading and passed. Amendments to the Homesteads Act were read a third time and the bills were reported to the House for the third reading, while progress was reported on the act to amend the Saskatchewan Insurance Act.

Premier Dunning gave notice of his intention to introduce a bill to provide for the release of certain monies for the construction of Canada National branch lines.

Harris Turner, leader of the opposition, raised the question of the provision of more suitable accommodation for legislative committee with a view to finding out if better arrangements could be made.

## Saskatchewan Red Cross

Annual Report Shows Organization in Flourishing Condition

Regina, Sask.—Reports dealing with the entire field of activity of the Saskatchewan branch of the Red Cross were given at the ninth annual meeting of the society here.

W. F. Kerr, honorary secretary and treasurer, reported that the organization, which had grown to 364 branches this year. A sum in excess of \$10,000 had been expended during the year in combating tuberculosis.

The financial report showed that over \$145,000 had been administered during the year.

## FRANCO-BRITISH AGREEMENT NOW A POSSIBILITY

Paris.—The French and British viewpoints on the question of an allied control of German military industries are being discussed, and it is felt in official circles here that one of the main causes of the strain that has existed in the entente since 1922 will be removed within a few weeks, perhaps days. This was brought out at a meeting of the Council of Ambassadors, which examined Premier MacDonald's note on the subject and said that should the inter-allied military commission at Versailles, of which Marshal Foch is president, find that the measures proposed by the British Premier are sufficient to safeguard the security of France in accordance with the treaty, the French will rally to Mr. MacDonald's suggestions.

The British proposal that the present inter-allied military control commission shall be replaced by a committee of guarantee was agreed to by France in 1923, but with the proviso that certain essential conditions then elaborated should be fulfilled by Germany. The main condition which the French Government is now placing upon the removal of the control commission has been practically at a standstill since the closing months of 1922.

Wheat Tariff Boost Expected

Washington—President Coolidge is expected to issue an order within a few days increasing the tariff on wheat 50 per cent.

## Everywhere BRIER

The Tobacco with a heart

## INSPECT GRAIN AT CENTRAL POINTS IN WEST

Winnipeg—If ways and means can be devised to prevent the general flow of the crop eastward from being slowed as the result of the adoption of the policy, the C.P.R. will not object to the creation of Moose Jaw and Saskatoon as final grain inspection points. It was stated by E. D. Cotterell, superintendent of transporation, C.P.R. western lines at a sitting of the Royal Grain Inquiry Commission.

Mr. Cotterell said that the proposed move would necessitate the location of a large staff of inspection officials at the grain terminals, which are only stopped at Saskatoon and Moose Jaw from three quarters of an hour to one hour. Sampling, he declared, must be done within that time, otherwise the general crop movement would be impeded.

Mr. Cotterell contended that there had been no shortage of cars on C.P.R. lines during the crop season, though he admitted there had at times been an inadequate supply, from the viewpoint of some of the elevators at certain points. He declared that a record crop was handled almost 100 per cent perfect and could not recommend any improvement in this connection.

Opposition was expressed by C.P.R. officials to the proposal of the chief weighmaster that the railway company should only inspect grain found leaky and ruptured in transit on the ground that it would facilitate claims for loss.

The information was always available to those who had an interest in shipments, declared J. L. Royston, counsel for the C.P.R.

Mr. Cotterell expressed opposition to the creation of grain inspection points at Lethbridge on the ground that it would tend to slow up the crop movement and urged a similar objection to the proposal to make Edmonton a car order point, though he stated, in connection with the latter that no serious opposition would be made as the company was not vitally interested at that place, except on a bound traffic from the E.D. and B.C. line.

## German Industries Decline

Charles M. Schwab Says Well-Being of Europe Depends on Reparations Question

New York—Charles M. Schwab, of the Bethlehem Steel Corporation, has returned after his first visit to Germany since 1912, convinced that the German Government would do its utmost to pay whatever reparations were fixed by the Allied Commission. He expressed astonishment at the extent Germany's biggest industries had deteriorated since before the war, and declared that the well-being of all Central Europe depended upon "immediate and definite disposition of the reparations question."

Many Seek Divorce

Ottawa—There are now before the Senate 137 applications for divorce compared with 125 at this time last year. It is expected there will be at least 30 more applications filed before the session closes. Of these applications 69 are by husbands and 68 by wives. Of the application two are from Manitoba and one from British Columbia.

Alberta Miners Ask Increase

Calgary—Alberta coal miners this year will ask an increase of 10 per cent. in wages, the wage scale committee of district 13 of the U.M.W.A. decided here, and will present a report to this effect to the general convention.

Soviet Trade Delegates Arrive

Montreal—Representatives of the Union of Soviet Republics of Russia in their delegations will make their headquarters here for the purpose of establishing trade relations between Canada and the Soviet.

Japanese Prince Dies

London—Prince Masayoshi Matsukata is dead, according to a despatch from Tokio.

## Local and General Items

For funeral Bowers phone 212, Crows' Nest Pass Undertaking Co.

Mrs. R. Metzler is opening up a millinery shop in the Club Cafe building.

Lots of ladies nowadays are unable to blush—and the drugstore is to blame for that.

Mrs. W. A. Henderson returned Sunday morning from an extended visit to points in Ontario.

Mr. and Mrs. G. A. Passmore returned last week end from a holiday spent in California.

Owing to lack of quorum, there was no meeting of the school board on Friday night last.

Miss Daisy Aitkin, of Millet, is a visitor with her sister Mrs. (Rev.) W. T. Young.

The Sharon Presbyterian church at Stellarton, Nova Scotia, was totally destroyed by fire on Sunday, February the 24th.

Professor A. E. Ottewell will occupy the pulpit of the Methodist church at Bellevue on Sunday night next. His theme will be "The League of Nations," and a treat is in store for the congregation.

Miss Waller, of the Calgary Bonnet Shop, has been attracting ladies with a display of hats at the Cosmopolitan sample rooms. Already our local gentry are arranging to take a few days off during Easter in the hope of noticing some improvement in the appearance of the gentler sex.

**FOR SALE**—White enamel dresser and bed. Phone 247, Blairmore.

The society for the prevention of cruelty to animals has done nothing about the worms eaten in apples.

An exchange carries the following item: Men, are you having domestic troubles? See "Martha Made Over" at the Methodist church.

The Halifax teachers' union say they will not consent to even one per cent cut in their stipends, though a 30 per cent cut has been proposed.

J. L. Patton, of the Patton Coal Co., and A. M. Denasmore, of the Lundbreck Trading Co., were visitors here from Lundbreck this week.

Mayor McLeod visited Lethbridge on Tuesday to consult C. P. R. Superintendent Jamieson in connection with supplying rock for cribbing the banks of Lyon Creek near Ninth Avenue.

Mar Poy has this week made some changes in the management and operation of his restaurant and has secured the services of two competent assistants from Edmonton.

The gross earnings of the Canadian National Railways for the week ended February 21st, were \$4,181,048, an increase of \$32,086, or nine per cent over the corresponding period of last year.

Mr. and Mrs. W. Bird arrived from Saskatchewan on Monday morning and will reside here in future. We understand that Mr. Bird has accepted a position with the Blairmore Iron Works,

Woolworths have established a branch store at Truro, N.S.

A bunch of mountain sheep were seen near the narrows of Waterton Lakes last week.

Gophers made their first appearance in this district on Saturday or Sunday last.

Coleman's junior hockey team was defeated by the Calgary Canadians on Monday night by a score of 4 to 0.

The passing out of the present Alberta Liquor Act may also end hangs around courts for a while.

The greater portion of the business section of the border town of Yaha, B.C., was destroyed by fire early Tuesday morning.

Representatives of Japanese grain farms have visited the province this past week, looking into the matter of shipment of Alberta wheat to the Orient, for which there is an increasing demand.

The Rossland team, British Columbia's contribution to the Allan Cup play-down, arrive in Blairmore on Tuesday night and registered at the Cosmopolitan. The boys look fit for the fray with Bellevue.

Charles Howe, while rabbit-hunting on Saturday last, had the misfortune to accidentally discharge a 22-calibre rifle. The bullet entered the fleshy part of his hand, causing a severe wound.

Application has been made by Mr. Knight, solicitor for the Attorney-General, for the confiscation of a quantity of beer now held at the local police barracks and taken recently from the Alberta hotel premises. Magistrate Gresham has reserved his decision till next week.

We have been wondering why "Ted" Royl has donned an extra smile in announcement of the visit of the stork and the advent of a new son and heir. This happened a few weeks ago and congratulations are surely in order. The rescue car was in H.W. crest for several weeks.

It is rumored that Sousa has been made a doctor of music by some university (American, of course), and a friend of ours wonders if this is one of life institutions which turns out degrees and diplomas as fast as the Germans turn out marks! At any rate, most of Sousa's music could do with a doctor to fix it up.

A bunch of suspected I.W.W.'s struck town this week, but were soon raked in by Sgt. Brewer, of the R.C.M.P. Eight of them were ordered to shake the dust of Blairmore off their shoes and the remainder were sent down to Lethbridge to become His Majesty's guests, pending further enquiries. Sgt. Brewer deserves great credit for his prompt action in this matter, as (according to some Alberta dailies) Blairmore is a bad enough place without harboring such scum.

Mr. Joe Korner desires to thank all who contributed towards his assistance, particularly the staff and employees of the Blairmore Iron Works and patrons of the dance given at Frank. Mr. Korner has been laid off work for about a year through an accident in which he lost the greater portion of one of his hands. A second operation was recently made necessary through blood poison setting in. He is now back at work, having about fully recovered.

The whist drive given by the Pythian Sisters on Friday night last was most successful. About twenty-four tables were operated and prizes were awarded as follows: Ladies' first, Mrs. W. J. Evans; ladies' second, Miss Laura Lord; consolation, Mrs. Morenci; gentlemen's first, Mr. Rushton, of Coleman; gentlemen's second, Mr. Pacher; consolation, Mr. Gwynlyn Evans. Following the whist, refreshments were served and dancing ensued for a few hours.

**NOW**

Is the time to get your Car overhauled and put in shape for the summer season. We are equipped to give you real value for your money.

L. Util, Prop. Phone 64 Blairmore

Blairmore School District No. 1336.

**TENDERS**

TENDERS will be received up to Friday, March 21st, for a new school at Bellevue, Alberta. Plans and specifications to be submitted to the undersigned, Box 75, Bellevue. A fee of \$10.00 must accompany all applications. The lowest or any tender not necessarily accepted.

J. H. ROBERTSON,  
Secretary.

Blairmore School District No. 1336.

**TENDERS**

SEALED TENDERS addressed to the undersigned and endorsed "Tenders on Roadway" will be opened in the office of the Minister of Public Works in the government buildings on Monday, March 10th, on the reconstruction of part of the Crows Nest roadway, extending some 5,000 cubic yards of roadway.

Plans, specifications and forms for tenders available on application to the Highways' Department, Government Buildings, Edmonton, or H. P. Keith, district engineer, Dept. of Public Works, Lethbridge.

The lowest or any tender not necessarily accepted.

J. H. ROBERTSON,  
Deputy Minister, Department of  
Public Works.

It is rumored that Sousa has been made a doctor of music by some university (American, of course), and a friend of ours wonders if this is one of life institutions which turns out degrees and diplomas as fast as the Germans turn out marks! At any rate, most of Sousa's music could do with a doctor to fix it up.

A bunch of suspected I.W.W.'s struck town this week, but were soon raked in by Sgt. Brewer, of the R.C.M.P.

Eight of them were ordered to shake the dust of Blairmore off their shoes and the remainder were sent down to Lethbridge to become His Majesty's guests, pending further enquiries.

Sgt. Brewer deserves great credit for his prompt action in this matter,

as (according to some Alberta dailies) Blairmore is a bad enough place without harboring such scum.

Mr. Joe Korner desires to thank all who contributed towards his assistance, particularly the staff and employees of the Blairmore Iron Works and patrons of the dance given at Frank.

Frank. Mr. Korner has been laid off work for about a year through an accident in which he lost the greater

portion of one of his hands. A second operation was recently made necessary through blood poison setting in.

He is now back at work, having about

fully recovered.

The whist drive given by the Pythian Sisters on Friday night last was most successful. About twenty-four

tables were operated and prizes were awarded as follows: Ladies' first,

Mrs. W. J. Evans; ladies' second, Miss Laura Lord; consolation, Mrs. Morenci; gentlemen's first, Mr. Rushton, of Coleman; gentlemen's second, Mr. Pacher; consolation, Mr. Gwynlyn Evans.

Following the whist, refreshments were served and dancing ensued for a few hours.

The Pythian Sisters will be present at the Pythian Ball on Saturday evening.
